War was the chief means by which territory was annexed or rulers defeated in ancient India, which was divided into multiple kingdoms, republics and empires. Often one empire predominated or different empires co-existed. The Vedic literature (1500 - 1000 BCE), the two epics Ramayana and the Mahabharata (1000 - 600 BCE), Kautilya's Arthashastra (c. 4th century BCE) and Banabhatta's Harshacharita (c. 7th century CE), all key texts regarding warfare in ancient India, testify to this.

The armed forces succeeded the military of British India following India's independence in 1947. After World War II, many of the wartime troops were discharged and units disbanded. The reduced armed forces were partitioned between India and Pakistan. The Indian armed forces fought in all three wars against Pakistan and a war with the People's Republic of China.

## **Military history of India - Wikipedia**

This is a valuable attempt to put together archaeological and textual evidence from the Vedic period in order to explore the basic technologies and organizational forms of ancient Indian warfare. Of particular interest is Singh's discussion of chariots and horses. Originally published in 1965. back to top.

## **Ancient Indian Warfare - Military History - Oxford ...**

In Ancient Indian warfare, the author has pieced together all the available archaeological data and made a thorough study of the entire range of Vedic literature in a bid to present for the first time as complete a picture of warfare as these sources permit. He deals with a period so far given scant attention, or none at all.
