Slow and steady : Forex

This Free Forex robot does not trade often. It is as described, slow and steady. It is a system I feel can be thrown on the charts to help increase pips on a monthly basis. You will likely get 5-10 trades a month. This is a good tool to train with. With that being said, the only thing really left to say is enjoy!

USD/JPY back into 113.50 once again as the pair floats near the top. Broader-market risk sentiment appears to be hanging in the balance. USD/JPY continues to step around 113.50 in early Wednesday action as the US Dollar sees steady lift against the Japanese Yen as a lack of high-impact data in the Pacific-Asia trading session, as well as a breather cycle in risk-off headlines is allowing ...

USD/JPY slow and steady near 113.50 | Forex Crunch

Keep it Slow and Steady One key to trading is consistency. All traders have lost money, but if you maintain a positive edge, you have a better chance of staying profitable. Educating yourself and creating a trading plan is good, but the real test is sticking to that plan through hardcore discipline.
