It would be nice if we're able to download free e-book and take it with us. That's why we've again crawled deep into the Internet to compile this list of 20 places to download free e-books for your use.

Mona Lisa Overdrive Sprawl 3

Mona Lisa Overdrive is the third book in Gibson's Sprawl trilogy, and it's the most fully-realized of the three. The plots of Neuromancer and Count Zero followed the same pattern, and Count Zero really only served as a bridge between the first and third books.

Mona Lisa Overdrive (Sprawl, #3) by William Gibson

William Gibson's "Mona Lisa Overdrive" is a decent ending to the Sprawl Trilogy he started with Neuromancer. Gibson makes a good attempt at keeping these books separate enough that a reader might be able to read them independently (there's a lot of in-book time between the events in each book, knowledge of returning characters isn't necessary to understand what's going on, and the summaries of previous events are detailed enough to let readers know where things are coming from).

Mona Lisa Overdrive | William Gibson | download

The third volume in Gibson's Sprawl trilogy, this neatly closes the story began in Neuromancer and continued in Count Zero. It is not quite as good as Count Zero, yet still an excellent novel. Well worth a listen.
